p. 57-88

CURRENT LIST of MEDICAL LITERATURE

Vol. 12 January 10, 1947 No. 2

SUBJECT GROUPS

1. Anatomy; Histology
2. Anthropology; Ethnology
3. Archeology; Paleontology
4. Aviation Medicine
* 5. Bacteriology; Parasitology
* 6. Biology; Embryology
7. Bone; Joint; Extremities; Muscle
* 8. Cancerology
* 9. Cardiovascular System
10. Chemistry; Physics
*11. Dentistry; Stomatology
12. Dermatology
13. Diagnosis; Clinical Methods
14. Dietetics; Foods; Nutrition
*15. Digestive System
16. Endocrinology
17. Forensic Medicine; Toxicology
18. Genetics; Eugenics
19. Gynecology; Obstetrics
20. Hematology
*21. History; Biography; Bibliography
22. Homeopathy; Osteopathy, etc.
23. Hospitals
24. Immunology; Serology
*25. Industrial Hygiene; Sociology
26. Infectious Diseases; Epidemiology
* 27. Medicine
28. Metabolism
* 29. Military and Naval Medicine
30. Miscellaneous
* 31. Neurology; Psychiatry
* 32. Nursing
* 33. Ophthalmology
34. Otorhinolaryngology; Phoniatry
35. Pathology
36. Pediatrics; Child Welfare
* 37. Pharmacology; Pharmacy
38. Physiology
* 39. Psychology; Mental Hygiene
* 40. Public Health; Sanitation
* 41. Radiology; Phototherapy
42. Respiratory System
* 43. Surgery; Traumatology
* 44. Therapeutics
* 45. Tropical Medicine
* 46. Tuberculosis
47. Urology
48. Venereal Diseases; Sexology
* 49. Veterinary Medicine
50. Zoology

ARMY MEDICAL LIBRARY
7th Street & Independence Ave., S.W.
Washington 25, D.C.

The CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., $3.00 per year ($3.75 foreign) 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents at the above address.

Published weekly by the ARMY MEDICAL LIBRARY, 7th Street & Independence Ave., S. W., Washington 25, D. C., as an intraservice publication of the War Department. Lists all articles of medical interest contained in current journals received. Subject indexes provided monthly. Exchange invited.

5. Bacteriology; Parasitology

J. Bact., 1946, 52: No. 4. (Oct.)

ELROD, R. P. The serological relationship between Erwinia tracheiphila and species of Shigella. 405-10.

HILLIER, J., & BAKER, R. F. The mounting of bacteria for electron microscope examination. 411-6

COLWELL, C. A. Small colony variants of Escherichia coli. 417-22.

GLASSMAN, H. N., & ELBERG, S. The growth of Brucella in aerated liquid cultures. 423-30.

STUART, C. A., WHEELER, K. M., & McGANN, V. Further studies on one anaerogenic paracolon organism, type 29911. 431-8.

HOULIHAN ,R. B., & COPLEY, A. L. The adhesion of rabbit platelets to bacteria. 439-48

KENNER, B. A., QUISNO, R. A. [et al.] Cetyl pyridinium chloride; an in vivo method of evaluation. 449-51.

LEY, H. L., jr , & MUELLER, J. H. On the isolation from agar of an inhibitor for Neisseria gonorrhoeae. 453-60

CHRISTENSEN, W. B. Urea decomposition as a means of differentiating Proteus and paracolon cultures from each other and from Salmonella and Shigella types. 461-6.

COOPERMAN, J. M., LICHSTEIN, H. C. [et al.] The influence of thiamine on the susceptibility of chicks to avian encephalomyelitis 467-70.

KLEIN, M., & KIMMELMAN, L. J. The role of spontaneous variants in the acquisition of streptomycin resistance by the shigellae. 471-9.

HENRY, J. E., & HENRY, R. J. Studies on the relationship between bacteriophage and bacterial host cell; adsorption of phage by resistant variants of Staphylococcus. 481-6

KNAYSI, G. On the inclusions of Hansenula anomala. 487.

CONN, H. J., & DIMMICK, I. Filters suitable for separating soil bacteria from bacteriophage. 489-93.

EDWARDS, P. R., & BRUNER, D. W. Notes on monophasic Salmonella cultures and their use in the production of diagnostic serums. 493-8.

QUISNO, R., FOTER, M. J., & GIBBY, I. W. A technique for maintaining standard phenolic resistance of Staphylococcus aureus. 499.

SPRINCE, H., & WOOLLEY, D. W. Strepogenin, a new bacterial and animal growth factor obtained from proteins. 501.

EISMAN, P. C., MAYER, R. L. [et al.] Resistant microorganisms and their use for the classification of antibacterial substances 501.

WOODRUFF, H. B., & FOSTER, J. W. Streptin, an antibiotic from a species of Streptomyces. 502

TREFFERS, H. P. The potentiation of penicillin or streptomycin action by certain enzyme inhibitors. 502.

KIDDER, G. W. Studies on the physiology of protozoa 503.

LEDERBERG, J. Studies in bacterial genetics. 503.

BURKHOLDER, P. R. Studies on the antibiotic activity of actinomycetes. 503.

J. Bact., 1946, 52: No. 5. (Nov.)

BURRIS, R. H., & WILSON, P. W. Ammonia as an intermediate in nitrogen fixation by Azotobacter. 505-12.

KAPLAN, A. M., & ELBERG, S. Concentration of Brucella suis from broth culture. 513-7.

STUART, C. A., WHEELER, K. M. [et al.] Motility and swarming of some enterobacteriaceae. 519-25.

HENRY, J. E., & HENRY, R. J. Studies on the relationship between bacteriophage and bacterial host cell; differences in carbohydrate metabolism of phage-susceptible and phage-resistant variants of Staphylococcus. 527-38.

FISHER, A. M. A study on the mechanism of action of penicillin as shown by its effect on bacterial morphology. 539-54.

GERHARDT, P., DORRELL, W. W., & BALDWIN, I. L. Citric acid fermentation of beet molasses. 555-64.

NAYLOR, H. B., & SMITH, P. A. Factors affecting the viability of Serratia marcescens during dehydration and storage. 565-73.

STRANDSKOV, F., & WYSS, O. The inhibition of bacteria by thiopyrimidines. 575-9.

LOCKWOOD, L. B., & NELSON, G. E. N. The oxidation of pentoses by Pseudomonas. 581-6.

LITTLE, J. E., & GRUBAUGH, K. K. Antibiotic activity of some crude plant juices. 587-91.

ETCHELLS, J. L., & JONES, I. D. Characteristics of lactic acid bacteria from commercial cucumber fermentations. 593-9.

IRVING, G. W., jr., FONTAINE, T. D., & DOOLITTLE, S. P. Partial antibiotic spectrum of tomatin, an antibiotic agent from the tomato plant. 601-7.

JUENKER, A. P. A rapid method of phase isolation in Salmonella cultures. 609-11.

WICKERHAM, L. J., FLICKINGER, M. H., & BURTON, K. A. A modification of Henrici's vegetable-juice sporulation medium for yeasts. 611.

ROBERTS, M. H., & RAHN, O. Antisepsis and ionization of sodium fluoride. 612.

SALVIN, S. B. An antifungal substance from a strain of Aspergillus flavus. 614.

MEYER, E., & ORDAL, Z. J. Pathogenicity of Candida species for the chick embryo 615.

Mikrobiologiia, Moskva, 1945, 14: No. 5.

SAENKO, N. F. Rasoobrazovanie u drozhzhei Saccharomyces ellipsoideus i Saccharomyces apiculatus v usloviiakh simbioza. [Formation of the races in Saccharomyces ellipsoideus and Saccharomyces apiculatus] 299-309.

LOGINOVA, L. G. Adaptaciia drozhzhei; kratkovremennoe deistvie vneshnikh faktorov. [Adaptation in yeast] 310-9, pl.

FROLOV-BAGREEV, A. M., & SAENKO, N. F. O drozhzhakh, vydelennykh iz kheresnoi plenki. [The yeast isolated from sherry film] 320-3.

IMSHENECKY, A. A., & SOLNCEVA, L. I. Termofilnye maslianokislye bakterii. [Thermophilic butyric acid bacteria] 324-9.

KANUNNIKOVA, Z. A. Zavizimost biokhimicheskoi aktivnosti molochnokislykh bakterii (B. delbrückii) ot vozrasta kultury. [Dependence of the biochemical activity of lactic acid bacteria (B. delbrückii) upon the age of culture] 330-7.

GAMOVA-KAIUKOVA, N. I. Selekciia uksusno-

kislykh bakterii. [Selection of useful acetic acid bacteria] 338-46.

KRASILNIKOV, N. A., & KORENIAKO, A. I. Antibakterialnye svoistva gribka Aspergillus niger. [Antibacterial peculiarities of Aspergillus niger] 347-52.

RYZHKOV, V. L., & GIGAURI, E. A. Opyty po khimioterapii zheltukhi tutovogo shelkopriada. [Experimental chemotherapy of Bombyx mori disease] 353-6.

6. Biology; Embryology

Q. Rev. Biol., 1946, 21: No. 3. (Sept.)

JAHN, T. L. The euglenoid flagellates. 246-74.

8. Cancerology

Illinois Cancer Bull., 1946, 1: No. 7. (Jul. 10)

EARLY diagnosis of tumors of the brain and spinal cord. 1.

EARLY diagnosis of cancer of the skin and lip, liver, gallbladder, and pancreas. 3-6.

Illinois Cancer Bull., 1946, 1: No 11. (Sept. 10)

EARLY diagnosis of gastric cancer by the use of the gastroscope. 1-6

Illinois Cancer Bull. 1946, 1: No. 12. (Sept. 25)

EARLY diagnosis of carcinoma in the genitourinary tract. 1-6

9. Cardiovascular System

Am. Heart J., 1946, 32: No. 5 (Nov.)

BLAND, E. F. Rheumatic fever and rheumatic heart disease in the North African and Mediterranean Theater of Operations, United States Army. 545-59.

BURCH, G. E., & KIMBALL, J. L. Notes on the similarity of QRS complex configurations in the Wolff-Parkinson-White syndrome. 560-70.

HUNT, H. H., & WELLER, C. V. The syndrome of abdominal aortic aneurysm rupturing into the gastrointestinal tract; summary of the literature and case report. 571-8.

RYTAND, D. A. An auricular diastolic murmur with heart block in elderly patients. 579-98.

NORRIS, R. F., & POTE, H. H. Hypertrophy of the heart of unknown etiology in young adults; report of 4 cases with autopsies. 599-611.

SWENSON, R. E. Parenteral vitamin B as an agent for determining the arm-to-tongue circulation time. 612; passim.

TANDOWSKY, R. M., OYSTER, J. M., & SILVERGLADE, A. The combined use of lantoside C and quinidine sulfate in the abolition of established auricular flutter. 617-33.

BEASER, S. B., & RODRIGUEZ MOLINA, R. Electrocardiographic changes occurring during the treatment with fuadin solution. 634-44.

PETERS, M., & PENNER, S. L. Orthostatic paroxysmal ventricular tachycardia. 645-52.

LOEWENBERG, S. A., & BAER, S. Aneurysm of the descending thoracic aorta. 653-8.

SPAIN, D. M., & CATHCART, R. T. Heart block caused by fat infiltration of the interventricular septum (cor adiposum). 659-64.

WEINBERG, T., & BEISSINGER, H. F. Syphilitic gummatous aortitis as the cause of coronary artery ostial stenosis and myocardial infarction; report of a case. 665-9.

Mod. Concepts Card. Dis., 1946, 15: No. 11 (Nov.)

BARKER, N. W. Anticoagulant therapy [1]

11. Dentistry; Stomatology

J. Endodont., 1946, 1: No. 1. (Mar.)

COOLIDGE, E. D. Objectives of the American Association of Endodontists. 3-6.

KESEL, R. G. The bacteriologic aspect of the pulpless tooth. 7-12.

J. Endodont., 1946, 1: No. 2. (Jun.)

RITCHEY, B., & ORBAN, B. Toothache at altitude. 13-8.

J. Endodont., 1946, 1: No. 3. (Sept.)

ZANDER, H. A. Phagocytes in the dental pulp. 26-8.

POTKIN, N. N. Penicillin in root canal therapy. 28.

GROSSMAN, L. I. Penicillin treatment of pulpless teeth. 30-2.

PEAR, J. R. Preliminary case reports and technic on the treatment of apical infections with penicillin and streptomycin. 32-5.

15. Digestive System

Arch. mal. app. digest., 1945, 34: (Oct.-Dec.)

ALBOT, G., GIRARD, E., & RENAUX, J. De l'utilité de la voie intraveineuse dans la pharmacoradiographie morphinique. 293-9.

NASIO, J. Action de l'acide ascorbique sur l'ulcère peptique expérimental par le cinchophène (atophan) 300-6.

RYSS, S., & STROIKOWA, X. La transfusion

de l'homosang dans la thérapeutique de la maladie ulcéreuse de l'estomac et du duodénum. 307-22.

HILLEMAND, P., VIGUIÉ, R., & ROUSSEAU. A propos du traitement de la localisation ano-rectale de la maladie de Nicolas-Favre. 323.

BERGERET & CHAMPEAU. Appendicite pelvienne à forme tumorale. 324-9.

DELANNOY, E. Invagination iléo-caeco-côlique latente par lipome sous-muqueux du côlon ascendant; fibrome et pyosalpinx concomitants; hystérectomie; hémicolectomie droite; guérison. 329-33.

DELANNOY, E., & VERHAEGHE, M. Ulcère simple du coeco-côlon; hémicolectomie droite; guérison. 333-7.

FONTAINE, R. Quelques réflexions à propos de six cas de gastrectomie totale. 337-41.

GOIFFON, R. Nécessité d'un régime sans résidus pour la recherche des oeufs et de kystes de parasites intestinaux. 341.

GOIFFON, R., & PRÊTET, H. Troubles intestinaux et rhumatisme chronique. 343-7.

CAROLI, J. Présentation d'un radiomanomètre. 347-9.

CAROLI, J., VARAY, A., & GILLES, E. Le fonctionnement du sphincter vésiculaire chez l'homme; observations d'une double intubation. 350.

CAROLI, J., VARAY, A., & GILLES, E. Le fonctionnement du sphincter vésiculaire chez l'homme; observation d'une double intubation; épreuve de la morphine et du repas gras. 352.

CAROLI, J., VARAY, A., & GILLES, E. Le fonctionnement du sphincter vésiculaire chez l'homme; observation d'une double intubation; épreuve de Meltzer-Lyon; rôle en pathologie. 353-6.

MOUTIER, F., MION, R. J., & CORNET, A. Diagnostic de certains ulcères du bulbe par la compression dosée et progressive en station verticale. 356.

Arch. mal. app. digest., Par., 1946, 35: No. 1-2. (Jan.-Feb.)

BERGERET, A., & COTILLON, J. Les invaginations appendiculaires. 3-21.

HICKEL, R. Examen radiologique de la vésicule biliaire opacifiée, le patient étant debout et la vésicule comprimée. 22-5.

OURY, P., & BRITSCH, A. Ulcus gastro-duodénal et dolichocolon. 26-31.

ASTERIADÉS, T. Sur le traitement chirurgical du mégacolon en dehors de la colectomie. 32-42.

ORFALI. Sur le rétablissement de la continuité intestinale après opération d'Hartmann. 43-5

RACHET, J. Faut-il traiter le cancer de l'anus par le radium? 45-48.

RACHET, J., & BUSSON, A. Lésions ano-rectales par lavements irritants. 48-50.

MORICHAU-BEAUCHANT, J., DEBELUT & PAYARD. Cancer de l'estomac au début in situ révélé par un signe du bourrelet pur. 50-2.

MORICHAU-BEAUCHANT, J., DEBELUT, J., & PAYARD, J. M. Image radiologique d'une tumeur intragastrique. 52-4.

HILLEMAND, P., BENSAUDE, A. [et al.] Rectocôlite hémorragique et infiltrations du sympathique. 55-8.

PORCHER, P. Quelques réflexions après mille morphines (méthode personnelle d'exploration gastro-duodénale) 59-64.

RACHET, J., BUSSON, A., & REY, M. Réflexions à propos du traitement de 103 cas de rectocôlite hémorragique. 65.

MOUTIER, F. Sur les variations endoscopiques des contractions gastropyloriques après injection d'opium-atropine. 66.

LEVY, M., & NORA, G. Le diagnostic de l'occlusion intestinal paralytique post-opératoire; le rôle du laboratoire. 67-73.

COURTY, A. Pseudo-cancer recto-sigmoïdien du à une appendicite pelvienne. 74-7.

SAVIGNAC, R. Un nouveau cas d'oblitération complète d'une sténose inflammatoire du rectum. 77-80.

Arch. mal. app. digest., Par., 1946, 35: No. 3-5. (Mar.-May)

RACHET, J., BUSSON, A., & REY, M. Le traitement des recto-colites hémorragiques; bilan thérapeutique de 108 cas traités depuis 1938. 94-117.

ALBOT, G., RENAUX, J., & GIRARD, E. Un nouvel agent pharmacoradiographique; l'insuline intraveineuse. 118-27.

SIMICI, D., & VLADESCU, R. Recherches sur la contenu en acides aminés des sucs gastriques anachlorhydriques; leur importance pour le diagnostic du cancer de l'estomac. 128-35

QUÉNU, J. La gastrectomie pour ulcère est-elle une opération bénigne? 136-43

AUGUSTE, C., & PARIS, J. Rôle des fils de suture dans les stomites consécutives à la gastrectomie pour ulcère. 143-7

WALLON, E. A propos du traitement des cancers de l'anus 148-54.

LABORDE. Curiethérapie des cancers de l'anus. 154-7.

COLLIEZ, R. Cancer de l'anus et curiethérapie. 157.

MALLET, L. Les résultats de traitement par le radium et la radiothérapie du cancer de l'anus. 159-65.

ROUX-BERGER, J. L., & ENNUYER, A. Le cancer anal 165-77.

PARTURIER-LANNEGRACE. Deux cas de cancer de l'anus traités par la radiothérapie de contact. 178.

HILLEMAND, P. A propos du traitement du cancer de l'anus 180.

FAROY, G., & ARNOUS, J. Pemphigus végétant à forme digestive. 183-6.

21. History; Biography; Bibliography

Gesnerus, Aarau, 1946, 3: No. 2 (July)

GIGON, O. Die naturphilosophischen Voraussetzungen der antiken Biologie. 35-58.

PEYER, B. Ueber die zoologischen Schriften des Aristoteles. 58-71.

MILT, B. Schweizerische Theophrastforschung und schweizerische Theophrasteditionen im 16. Jahrhundert und ihre Bedeutung. 72-93.

LISTE der Veröffentlichungen Gustav Senn's zur Geschichte der Naturwissenschaften, hauptsächlich der Antike. 97-100.

Gesnerus, Aarau, 1946, 3: No. 3 (Nov.)

JUNG, P. Die Augsburger erneuerte Hebammenordnung von 1750. 134-46.

25. Industrial Hygiene; Sociology

J. Rehabil., 1946, 12: No. 5 (Dec.)

POST, K. F. Problems of the individual in making use of available resources. 3-8.

WILLIAMS, H. L. The fenestration operation; for the restoration of hearing to conversational levels in loss of hearing due to clinical otosclerosis. 9-13.

CUNNINGHAM, J. M. Problems in the vocational rehabilitation of persons with psychiatric handicaps. 18-22.

LOEFFEL, F. Basket type implant after enucleation. 23.

TAYLOR, D. Evaluation of the physical restoration program in Oregon, October 1945 to October, 1946. 25-9.

MAU, H. Rehabilitation of the tuberculous in Hawaii. 30-2.

27. Medicine

Am. J. Med., 1946, 1: No. 6 (Dec.)

THORN, G. W., & EDER, H. A. Studies on chronic thyrotoxic myopathy. 583-601.

PERERA, G. A., & BLOOD, D. W. Disturbance in salt and water metabolism in hypertension. 602-6.

REVENO, W. S. Thiouracil in angina pectoris. 607-14.

LONDON, I. M., LAVIETES, P. H. [et al.] The effects of quinacrine (atabrine) suppression on the course of Pacific vivax malaria. 615-20.

SCHLESINGER, E. B., & RAGAN, C. Muscle spasm in acute low back pain and similar syndromes; a new method of treatment with curare (d-tubocurarine in oil and wax). 621-7.

McMILLAN, R. L. Subacute bacterial (Streptococcus viridans) endocarditis treated with penicillin. 628-33.

DAVIS, P. L. Folic acid and the bone marrow in radiation therapy. 634.

COLLENS, W. S., ZILINSKY, J. D., & BOAS, L. C. Clinical vibrometer; an apparatus to measure vibratory sense quantitatively. 636.

COLLENS, W. S., ZILINSKY, J. D., & BOAS, L. C. Impaired vibratory sense in diabetes. 638-41.

JOHN, H. J. The planning of a camp for diabetic children. 642-8.

HORAN, M. J., jr. Differential diagnosis in obscure fever. 649-55.
